PAST PERFORMANCE

Certified HVAC, Inc. has successfully completed numerous Commercial HVAC projects for various clients in Florida, such as:

- **Macy's:** Unit replacements, condenser water piping, chilled water piping, duct work, sheet metal work, maintenance, and service repairs.
- **TEVA:** Unit installations, service repairs and maintenance plans.
- **Wellington Green Mall:** Subcontractor performing multiple unit installations, service repairs and maintenance plans.
- **Core Customers:** Performed maintenance, service and retrofits, chiller service and repair, installations, upgrades and modifications for other major Commercial accounts including, but not limited to, Saks Fifth Avenue, WHotels, and The Diplomat Beach Resort. Certified HVAC rebuilt Marley cooling tower, pumps and installed VFDs.
